PROFESSIONAL SUMMARY

Passionate and driven Computer Science Engineering student with a strong specialization in Web Development, Artificial Intelligence, and Frontend Engineering. Adept at building fully responsive, premium user interfaces and modern, interactive applications that solve real-world problems. Energetic self-starter committed to writing semantic, high-performance code and continuously exploring cutting-edge web technologies.

EDUCATION

B.Tech in Computer Science Engineering
Institution Name / University, Hyderabad
Expected Graduation: 2027

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), Python, HTML5, CSS3
Libraries & Frameworks: React.js
Version Control & Tools: Git, GitHub, VS Code
Core Methodologies: Responsive Web Design, UI/UX Engineering, Mobile-First Development, Front-End Architecture

TECHNICAL PROJECTS

NOVA AI Voice Assistant

Technologies: React.js, Web Speech API, CSS3 Modules
GitHub: github.com/katari-Anil/nova-ai-voice-assistant

Engineered a futuristic voice-activated AI assistant with real-time speech interaction and premium UI.

Personal Portfolio Platform

Technologies: HTML5, CSS3, Flexbox/Grid
GitHub: github.com/katari-Anil/katari-portfolio

Developed a responsive portfolio website showcasing skills and projects.

TicTacX Interactive Workspace

Technologies: HTML5, CSS3, JavaScript
GitHub: github.com/katari-Anil/tictacx

Built a modern Tic-Tac-Toe game with responsive gameplay.

QuantumCalc Application

Technologies: HTML5, CSS3, JavaScript
GitHub: github.com/katari-Anil/quantumcalc

Created a polished calculator application with intuitive UI.

CERTIFICATIONS & KEY INTERESTS

Interests: Front-End Architecture, Conversational AI Modeling, Software Engineering Practices, UI/UX Prototyping

Key Strengths: Strong analytical problem-solving, rapid technical framework adaptation, detail-oriented UI precision.
